**Scope and Content**

The Allen D. Place, Jr. papers include correspondence, news clippings, legislation, and committee work dated 1991-1998, when Place was a Texas State Representative.

The Administrative Organizations series includes materials collected by Place while working on legislative issues in Texas. The Agencies subseries includes correspondence, annual reports, memos, and meeting agendas from entities such as the Texas Commission of Alcohol and Drug Abuse, the Texas Department of Health, and the Governor's office. The Interstate Commerce Commission subseries is primarily composed of documents related to the merger of the Burlington

Northern, Inc. and the Atchison, Topeka, and Santa Fe railways.

The Correspondence series is divided into two subseries: Individuals and Subject. The Individuals subseries covers topics such as firearms, education, and the criminal justice system with politicians, educational representatives, and others. The Subject subseries relates directly to topics such as education, school funding, tort reform, and youth issues. Some inmate correspondence is present but has been restricted.

The Legislative Series is divided into four subseries and covers the 72nd-75th Legislatures (1991-1997). The General subseries includes reports, lists, calendars, and policies. Bills are organized numerically and include House Bills, Senate Bills, and other bills formerly considered for legislation. Correspondence houses inquiries about bills under consideration, and the Legislative Clipping Service sub-subseries contains articles from various newspaper outlets used to research topics related to current legislation.

### **Series 3: Legislative. 1991-1997, undated**

#### **Administrative/Biographical History**

The Legislative series, with materials ranging from 1991 to 1997, is divided into four subseries: the 72nd, 73rd, 74th, and 75th Legislatures. Each of these is further divided into at least two sub-subseries including General, Bills by Number, Correspondence, and Legislative Clipping Service.

The General sub-subseries consist of daily reports, master lists, calendars, policies, and procedures, and are organized chronologically. The Bills by Number sub-subseries are arranged first by type of bill (i.e. House Bills, Senate Bills, and other bills) and then organized numerically by bill. Correspondence sub-subseries contain inquiries about the bills under consideration and are organized chronologically. The Legislative Clipping Service sub-subseries houses articles from various newspaper outlets used to research topics related to legislation. The final sub-subseries are arranged chronologically. Overall, the series is in good condition.
