Principles

Academic, Administrative, and Student Services Related Building Access:

- Academic, administrative, and other instructional related buildings should be accessible to all University constituents during regularly scheduled academic instruction days and University scheduled workdays.
- Building exterior doors shall be unlocked starting at 7:30 a.m. to allow access to the building. At 5:30 p.m. all exterior doors shall be locked. The number of unsecured exterior perimeter doors shall be kept to a minimum. Main entry doors shall be utilized as the primary entry point to buildings.
- Door administrators shall consult with the Director of Technical Security regarding the development of schedules for facilities and academic buildings that require afterhours unsecured door access. Exterior door schedules, through coordination

2. Access Control Policy
with the Director of Technical Security, will accommodate after-hours and weekend academic class schedules, as well as retail service locations.

- Academic, administrative, and instructional-related building doors may allow access to secured perimeter exterior doors through the use of an authorized Baylor University ID card.
- After-hours access may be granted by utilizing an authorized Baylor University ID card.
- Department administrators may determine the hours and access granted to individuals utilizing card access. Departments may consider the circumstances and instructional benefits for allowing access to individuals and students after hours.
- Residential halls shall be secured 24 hours per day. Card access should be granted at the primary front entrance of each residence hall and the main interior entrances to the residence hall living areas.

**PROHIBITED ACTIVITIES**

Prohibited activities include, but are not limited to:
