V. Presentation: Bias Response Team (BRT)—Leslie Hahn, Sam Perry

   • 25% of all reported incidents took place in Texas since 2016—data collected by Anti-Defamation League
   • BRT watching student organizations for signs of influence of WS organizations
   • Baylor: BRT receives 45-55 reports per year since 2016; over 90% are racial and ethnic bias incidents; many are WS in nature; evidence of WS recruitment activities have been seen on campus
   • Q & A: Senators asked for resources on groups and iconography of WS groups; Q: is there action FS could take that would help? Q: what happens when incidents occur? A: If it involves assault, Judicial Affairs gets involved. If it is a racial slur or something similar, the BRT has a conversation with the student perpetrator, other steps taken as necessary. BRT is not involved in disciplinary actions. Q: how are we helping the victims? BRT directs students to available resources. BU does not necessarily have enough resources to provide adequate assistance in all cases.

- The design, layout, equipping, and organization of teaching spaces and office spaces, and
- The location, allotment, and organization of teaching spaces vis-à-vis office spaces, and
