

# Prescription Transfer Form

The best way to get your prescriptions filled at Baylor University Health Center Pharmacy is to have your provider send a new prescription. This will allow you to still have one on file at your home pharmacy for use during breaks. Your doctor may send new prescriptions electronically, fax, phone, or written and brought to the pharmacy. Some restrictions apply to out of state control substances, please visit our website [www.Baylor.edu/pharmacy](http://www.Baylor.edu/pharmacy) for more information or give us a call at 254-710-4991. If you need a prescription transferred, please complete this form and fax to (254)710-3620 with a copy of your prescription insurance card or just drop it by to us at 209 Speight Ave. in the McLane Student Life Center on campus. **\*\*Please verify the prescription(s) you are requesting have refills remaining\*\***

## Please allow 48 hours for transfers
