

## EXERCISE PHYSIOLOGY POSITION ANNOUNCEMENT

Discover the vision (<http://www.baylor.edu/profuturis/> and <http://www.baylor.edu/illuminate/>) and excitement at Baylor as we seek applications and nominations for the following faculty position in the Department of Health, Human Performance and Recreation within the Robbins College of Health and Human Sciences.

**Position:** Professor Exercise Physiology in the Department of Health, Human Performance and Recreation.

**Date of Appointment:** August 2020

**Background:** Baylor University is a private Christian university and a nationally ranked research institution, consistently listed with highest honors among *The Chronicle of Higher Education's* "Great Colleges to Work For." Chartered in 1845 by the Republic of Texas through the efforts of Baptist pioneers, Baylor is the oldest continuously operating university in Texas. The university provides a vibrant campus community for over 17,000 students from all 50 states and more than 85 countries by blending interdisciplinary research with an international reputation for educational excellence and a faculty commitment to teaching and scholarship. Baylor is actively recruiting new faculty with a strong commitment to the classroom and an equally strong commitment to discovering new knowledge as we pursue our bold vision, *Pro Futuris* and academic strategic plan, *Illuminate* to become a Carnegie classified "R1" university.

The Department of Health, Human Performance and Recreation currently has collaborative ties with the Baylor College of Medicine, Baylor Scott and White Health, the VISN17 Veterans Administration Center for Excellence for Research on Returning War Veterans, and several local clinical settings.

**Qualifications:** Outstanding scholars are invited to apply for a tenured faculty position in the Department of Health, Human Performance and Recreation. To be considered, applicants must hold a PhD or equivalent degree and tenure. We are seeking individuals who have research expertise in Exercise and Nutrition Sciences with foci which might include cardio-metabolic disorders, hypokinetic disease, or health disparities related to exercise and nutrition. A strong publication record supported by external funding is required. Preference will also be given to applicants with previous program administrative experience.

**Responsibilities:** Successful candidates must have a demonstrated record of extramural research funding. Special consideration will be given to candidates who demonstrate strong research backgrounds in Exercise and/or Nutrition Sciences. Research which is conducted largely or partly in human subjects is highly desirable. The candidate is expected to serve as program director for the Exercise and Nutrition Sciences doctoral program: a model STEM graduate program. The successful candidate is expected to engage in collaborative and translational research endeavors with existing and future faculty members, contribute to the mission of the department primarily in graduate education, teach courses in exercise physiology and/or related areas and engage in departmental and university service. The successful candidate will be able to effectively lead the PhD program to synergize bench research, clinical research and field-based programs. Preference will be given to applicants whose philosophy is compatible with the stated mission of the University to be a world-class institution dedicated to Christian principles and ideals.

**Salary & Review Date:** Competitive salary support and start-up funds will be provided. Review of applications will commence on October 15, 2019 and will continue until the position is filled.

**Application:** Applicants must submit an initial application packet that contains (1) a formal letter of application (specifically address how you, the applicant, meet qualifications and can fulfill responsibilities), (2) a full curriculum vitae, (3) a copy of the doctoral degree transcript, (4) two samples of research publications, (5) contact information for three references, and (6) an applicant information form addressing one's philosophy and compatibility with Baylor's Christian mission. A selected pool of candidates will then be asked to submit three letters of reference. All required materials must be submitted to <http://apply.interfolio.com/67494>. If you have questions contact Dr. Dale Connally, Search Committee Chair, at [Dale\\_Connally@baylor.edu](mailto:Dale_Connally@baylor.edu). Mailing address: One Bear Place # 97313, Waco, TX 76798-7313; Phone: (254) 710-4020.
