2. Sick Time
Responsibilities

| Eligible Employee | • Calculate their sick time accrual.  
|                   | • Report the illness as soon as possible to supervisor or department head. |

| Supervisor or Department Head | • Validate the reasoning for paid sick time off and approve the use of sick time in advance. |

| Payroll Office | • Provides instruction for recording of holiday hours and alternate schedules for submission of timecards; posts annual holiday schedule. |

Principles

Baylor University provides sick time pay for Eligible Employees according to the employee’s FTE and accrual rate.

Use of Sick Time

Sick time is available for all of the following qualifying events listed below.

- Illness of employee
- Illness of employee’s spouse, child (as defined in BU-PP 413 – Group Medical Insurance). Or a parent (includes step parent)
- Medical and dental appointments

In order to balance employee needs with University needs, supervisors may counsel staff that have patterns of excessive and/or frequent absenteeism that may place the employee at risk for disciplinary action in consultation with HR. (Qualified Family Medical Leaves do not fall into this category of excessive absenteeism). Please also reference BU-PP 802 and BU-PP 807.

Availability

Eligible Employees begin to accrue hours immediately upon employment. Eligible Employees are eligible to request sick time immediately upon accrual. Sick time will not be paid in advance.
Accrual of Sick Time

Accruals in the chart below are based on 1 FTE (40 hours per week).

Accrual of Sick Hours – Less Than 40 Hours Per Week

The accrual rate for part-time staff is a percentage of the full-time accrual rate. This percentage is calculated by dividing the employee’s weekly approved, scheduled hours by 40. The maximum accrual is 320 hours for regular, full-time positions. For less-than-full-time positions, the maximum accrual will be a percentage of the maximum hours for regular, full-time positions. For example, the maximum accrual for a regular, part time 20-hour/week position is one-half the maximum 320 hours for regular, full-time positions, or 160 hours. Please see below for accrual rate calculation.

Sick Time Accrual Formula

For positions that are scheduled for less than 40 hours per week, the hours accrued per pay period and the maximum accrual balance will be prorated based on the 40-hour per week FTE accrual rates.

To determine the accrual hours per pay period, use the following formula:

\[ FTE \times 40 \text{ Hour FTE Accrual Rate} \]

To determine the maximum accrual balance, use the following formula:

\[ FTE \times 40 \text{ Hour FTE Maximum Accrual Balance} \]

Procedures

An illness or other need for sick time shall be reported as soon as possible to the employee’s supervisor or department head. Sick time accrual shall be calculated using the table above and the accrual formula.

4. Sick Time
Approval
Sick time hours may be applied with notification, otherwise, the absence will be recorded as non-worked hours. A statement from the attending physician is required of staff members applying for more than three consecutive days of sick time for himself or herself or any other eligible family member (see “Use of Sick Time”). In order to validate an absence, a physician’s statement of illness may be required at any time if requested by the supervisor, department head, Human Resources, or Payroll.

Tracking Sick Time
For bi-weekly staff, sick time is tracked on the Web Timecard and is maintained by the Payroll Office. For monthly staff, sick time is tracked on the MONTHLY ABSENCE RECORD and is maintained by the employee’s department.

Payment
Payment for sick time to bi-weekly employees is included in the regular scheduled paycheck provided that the Web Timecard and comments were submitted with the employee’s time record and approved in accordance with the University policy. The employee will not be paid off in excess of accrued sick time hours.

Available sick time will be used for a Family Medical Leave within the guidelines of this policy and the University Family Medical Leave Policy. See BU-PP 408. A staff member who has exhausted the allowable sick time may be separated from the University, unless a formal request for “Sick Leave Without Pay” (see BU-PP 406) is approved and submitted to Human Resources.

Separation from Service
Upon separation from service, unused sick time has no cash value in the employee’s final pay.

- Unused sick time will be reinstated if an employee is rehired within one year of separation.
- If a full-time employee separated from service is rehired within one year on a part-time basis, the reinstated sick time balance will be prorated based upon a prorated percentage of the full-time equivalency status.

Example: A full-time 40-hour/week staff employee separates from service with 200 hours of sick time accrual and within one year is rehired to a part-time 20-hour/week position. The reinstated sick time will equal 100 hours.
