---

### **Profile of Fall 2009 First-Time Freshman Baylor Line Camp Attendees**

Baylor Line Camp is an extended orientation program that helps better equip new students in their transition to Baylor. This past summer, Baylor offered three different types of camps – Regular, Engineering and Computer Science (ECS), and Outdoor Adventure (OA). This report contains descriptive information about first-time freshman Line Camp attendees for Fall 2009. Included in this report is information about the following topics:

Gender	Country of Citizenship	Full-Time/Part-Time Status
Age	State of Permanent Address	Average Credit Hour Load
Minority Status	Religious Affiliation	Program of Study
Racial/Ethnic Group	Entrance Test Scores	Professional Field
Citizenship Status	High School Quartile Classification	Residence Hall Accepted Date

The class of 3,098 first-time freshmen includes students who entered the University during Summer 2009 and Fall 2009. Thirty-nine percent of the class attended a camp – 1,100 attended the Regular camp, 34 attended the OA camp, and 73 attended the ECS camp. Students that were accepted prior to December 1, 2008 were more likely to attend a Baylor Line Camp.

Most of the attendees at the ECS (74%) and Outdoor Adventures (53%) camps were male. The mean SAT scores for the OA (1262) and ECS (1254) camp attendees were significantly higher than the mean scores of attendees to the Regular (1205) camp and all first-time freshmen (1190). The same is true of the mean ACT scores with the OA (28.1) and ECS (27.3) camp attendees having significantly higher mean ACT scores compared to the Regular (26.4) camp attendees and all first-time freshmen (25.9). Interestingly, the percentage of attendees in the top quartile of their high school class was higher in the Regular camp (76%) than the OA (70%) and ECS (67%) camps.

All	620	630	1260	615	640	1270

Notes:

1. Although submission of entrance test scores generally is required in the admission process, in each entering class there were a small number of students who were admitted without entrance test scores. Therefore, the sum of SAT n plus ACT n does not equal the total class size (N).

2. In this table, the highest SAT score is compared to the highest ACT score, and only the better score is retained.

Notes:

1. Although submission of entrance test scores generally is required in the admission process, in each entering class there were a small number of students who were admitted without entrance test scores. Therefore, the sum of SAT n plus ACT n does not equal the total class size (N).

2. In this table, the highest SAT score is compared to the highest ACT score, and only the better score is retained.

3. Beginning in Fall 2009, the methodology for computing a student's highest ACT Composite score was changed to count the highest English, Math, Reading, and Science Reasoning subscores, even if the scores were from different test dates. This change was made to make Baylor's scores comparable to peer institutions.
