Viewing Evaluation Results

• Once the course evaluation period has ended and reports are available, you can view results for each course by selecting **Results > Project Results** from the menu bar. Then select the project name (**Fall 2036 Course Evaluations** in this example) to view results for courses in the project.
Viewing Evaluation Results

• From here, you can choose between two different formats for results:
  – **BU Report**: a PDF report with results from the course and the comparison group
  – **RAW DATA**: an Excel spreadsheet with one record for each response (no identifying information is included), which you can use to match open-ended comments with evaluation responses
Viewing Evaluation Results

- If you have multiple courses in a project, you can select a group of courses and generate a Batch Report. This produces either one PDF file containing individual course reports or multiple PDF files, one for each course, in a ZIP file. You can choose to include or exclude the written comments.
