Profile of Baylor Interdisciplinary Core (BIC) Students, Fall 2005

The Baylor Interdisciplinary Core (BIC) option for the general education degree requirements began in the fall of 1995. The Baylor Bulletin describes the BIC program as an attempt to "... integrate various academic disciplines with a set of comprehensive interdisciplinary courses to provide a coherent approach to learning." This profile contains descriptive information about students in the program for Fall 2005 with comparison information for all undergraduate students. Please note that BIC students are included in the undergraduate totals.

Included in this report is information about the following topics:

Gender	Country of Citizenship	Classification
Age	State of Permanent Address	Full-Time/Part-Time Status
Minority Status	Religious Affiliation	Average Credit Hour Load
Racial/Ethnic Group	Entrance Test Scores	Program of Study
Citizenship Status	High School Quartile	Professional Field

There is a total BIC enrollment for the fall term of 632 students. Of these, 32 percent are male and 68 percent are female. Thirty-one percent of the BIC students are from racial or ethnic minority groups. Ninety-seven percent of students in the BIC program are U.S. citizens (only 5 are international students and 16 have permanent residency in the United States). There are 203 first-time BIC students for the Fall 2005 semester. Among the BIC students with a reported high school class ranking, approximately 81 percent were in the top quartile of their high school graduating classes.

All	630	620	1250	580	600	1180

Notes:

1. Although submission of entrance test scores generally is required in the admission process, in each entering class there were a small number of students who were admitted without entrance test scores. Therefore, the sum of SAT n plus ACT n does not equal the total class size (N).
2. In this table, the highest SAT recentered score is compared to the highest ACT score, and only the better score is retained.
