## **Profile of Baylor Interdisciplinary Core (BIC) Students, Fall 2009**

The Baylor Interdisciplinary Core (BIC) option for the general education degree requirements began in the fall of 1995. The Baylor Bulletin describes the BIC program as an attempt to “. . . integrate various academic disciplines with a set of comprehensive interdisciplinary courses to provide a coherent approach to learning.” This profile contains descriptive information about students in the program for Fall 2009 with comparison information for all undergraduate students. Please note that BIC students are included in the undergraduate totals.

Included in this report is information about the following topics:

Gender	Entrance Test Scores
Age	High School Quartile
Minority Status	Classification
Racial/Ethnic Group	Full-Time/Part-Time Status
Citizenship Status	Average Credit Hour Load
Country of Citizenship	Program of Study
State of Permanent Address	Professional Field
Religious Affiliation	

There is a total BIC enrollment for the fall term of 559 students. Of these, 35 percent are male and 33 percent are from racial or ethnic minority groups. Ninety-six percent of students in the BIC program are U.S. citizens (only 7 are international students and 14 have permanent residency in the United States). There are 182 first-time freshmen enrolled in the BIC program for the Fall 2009 semester.

Among the BIC students with a reported high school class ranking, 83 percent were in the top quartile of their high school graduating classes. The score range for the middle fifty percent of the students in the BIC program is 1210 – 1360 with a mean score of 1281 for the SAT and 26 – 30 with a mean score of 28 for the ACT examination.

Notes:

1. Although submission of entrance test scores generally is required in the admission process, in each entering class there were a small number of students who were admitted without entrance test scores. Therefore, the sum of SAT n plus ACT n does not equal the total class size (N).

2. In this table, the highest SAT score is compared to the highest ACT score, and only the better score is retained.

Notes:

1. Although submission of entrance test scores generally is required in the admission process, in each entering class there were a small number of students who were admitted without entrance test scores. Therefore, the sum of SAT n plus ACT n does not equal the total class size (N).
2. In this table, the highest SAT score is compared to the highest ACT score, and only the better score is retained.
3. Beginning in Fall 2009, the methodology for computing a student's highest ACT Composite score was changed to count the highest English, Math, Reading, and Science Reasoning subscores, even if the scores were from different test dates. This change was made to make Baylor's scores comparable to peer institutions.
