All 2L and 3L Students:

The Baylor Law Transactional Law Team is preparing to start the 2022-2023 competition season. Our transactional teams will participate in various transactional law competitions this season. We will start preparing for those competitions during the winter quarter and the competitions will take place during the spring quarter.

If you are a 2L or 3L student and you’re interested in competing as part of the Baylor Law Transactional Law Team this year, complete the attached application and send it to Kathy Serr (Kathy_Serr@Baylor.edu) and copy Noah Patrick (Noah_Patrick@Baylor.edu). The deadline for submitting your application is October 5th.

Also, if you have already been a member of the Baylor Law Transactional Law Team and you’re interested in competing again this year you will also need to submit an application for consideration.
7. **Interscholastic Health Law Transactional Team – Apply by Friday, October 7**

Baylor will compete at the 2023 National Health Law Transactional Competition. At the competition students provide legal advice on a potential business opportunity to a hypothetical health care client.

Students are eligible to apply if they will have taken at least two of the following three classes by the conclusion of the Winter 2022-23 quarter: Healthcare Law, Healthcare Fraud and Abuse, and Regulation of Healthcare Professionals.

If interested, please complete the following application and email it to Kathy_Serr@Baylor.edu and Noah_Patrick@Baylor.edu by October 7. Students who have previously participated on the Baylor Health Care Law Transactional Team should submit an application if interested in participating again.

8. **Transactional Law Mentor Program – Apply by Friday, October 7**

The Baylor Law Transactional Law Faculty, Career Development Office, and Alumni Office are partnering to develop a mentor program for second- and third-year students interested in pursuing a career in transactional law. The goal of the Transactional Law Mentor Program is to provide students with support and encouragement as they seek to learn more about transactional areas of practice and identify strategies for pursuit of opportunities in those areas. This program will be limited to a small number of students who have a demonstrated interest in this area of law.

**Expectations:**
Students accepted to the mentor program will be required to attend at least one event scheduled by Baylor Law School and commit to at least two (but likely more) one-on-one meetings with their mentor between the beginning of the December 2022 and the end of April 2023. We hope that students will have additional opportunities to meet with, shadow, and learn from their mentors. We are seeking students for the program who will take advantage of all opportunities to connect with their assigned mentor.

**Application:**
We invite rising second- and third-year students to apply online by Friday, October 7.

It's on us to prevent.  
It's on us to intervene.  
It's on us to care.

Please be sure to take the Title IX Online Course. Through the course, students, faculty and staff learned about building healthy relationships, preventing sex-based discrimination and intervening safely should they become bystanders in an unhealthy situation.

It is important that everyone is aware of the Title IX policies and understand their role in supporting those who encounter sexual or gender-based harassment.
