## Severe Weather Policy

- In the case of inclement weather, Baylor Law follows the same opening/closing schedule as the main Baylor University campus.
- If classes or exams are canceled or delayed, local media outlets will be contacted by 7 am, and they will announce the closing or delay.
- We will attempt to post the closing/delay on our web page and social media and notify all students by email as soon as possible.
- If classes are not canceled, but a particular professor needs to cancel a class, we will attempt to notify students by email.
- If classes are not canceled, students are expected to use good judgment to determine if they can safely drive to Baylor Law.

***We care about the safety of our students and expect each student to make prudent decisions about attendance in inclement weather.***
