ADMISSIONS & FINANCIAL AID

SBA Welcome

Congratulations, and welcome to Baylor Law!

My name is Peyton Maddox, and I am the Student Bar Association Executive President at Baylor Law. I am reaching out to say that I hope you will join the Baylor Law family—a group of extraordinary students, professors, lawyers, judges, and leaders.

Now that there is a light at the end of the tunnel of COVID-19, you have the opportunity to focus on the start of your career in the legal profession. I know that deciding where you will attend school for the next three years is complicated and an extremely important decision. Know that Baylor Law has presented you with an opportunity to learn from some of the most knowledgeable and committed professors through a rewarding and truly unique program. As a 3L entering Practice Court, I can say with confidence that Baylor Law equips students with the necessary skills to be an effective lawyer, advocate, and leader. The Princeton Review writes that Baylor Law provides “arguably the best training ground in the nation for practical lawyering.”

No matter where you choose to attend law school, there will be times when the work will be overwhelming, and you will wonder if you can handle the demands of the program. Here, you will have the support of the faculty, administration, and your peers, resulting in bonds that extend well beyond graduation.

We hope you will take advantage of this excellent opportunity to join the Baylor Law family. I am grateful that I did, and I know you will be too.

If you have any questions about Baylor Law, please do not hesitate to contact me at Peyton_Maddox1@baylor.edu.

Best,

Peyton Maddox
Student Bar Association
Executive President
