The Baylor University Police Department has a staff of 62 persons, including 37 police officers, 10 dispatchers, 13 Security Officers, an Administrative Manager and a Records Manager.
BUPD operates 24-hours a day, 7-days a week.

BUPD is the primary reporting and investigating law enforcement agency for all crimes occurring on the Baylor campus or Baylor owned property.

BUPD Officers have the same police authority as any other Texas police officer.
Although BUPD’s efforts focus on the campus, we also patrol areas immediately adjacent to campus which we call the Extended Patrol Response Area (EPRA).

We patrol the EPRA because thousands of our students live in off campus housing immediately adjacent to campus.
Beside calling the BUPD Dispatch Center in an emergency, you can also use one of the 236 callboxes and elevator phones.

The BU Campus Guardian Mobile Safety Application can turn your smartphone into a personal safety device! You can quickly contact university police in cases of an emergency by a phone call or text, and you can use the app to dial 9-1-1 when you are off campus.

I want to personally encourage every Baylor student, faculty and staff member to take advantage of this superlative new safety initiative.

Chief John Kolinek
In addition to extensive outdoor and indoor public address systems, Baylor utilizes a mass notification system which allows us to quickly text, email, or call all Baylor students, faculty, and staff concerning any type of emergency.
