Travel Needs

**Passport:**
It is the student’s individual responsibility to obtain all appropriate passport and visa permits for any country they plan to visit during their time abroad. It is important to understand that you may be denied entry into or be deported from the country for which you did not obtain the required documents. You do not need a VISA for the United Kingdom.

**Health Immunizations:**
It is recommended that you consult your personal physician or travel clinic to find out if your immunizations are up to date. You will also need to inquire if there are additional immunizations needed if you plan to travel in other countries.

Course Overview

Students enrolled in this 3-credit hour course will examine nursing within the British health care system, including nursing education, nursing roles within the health care system and health policy. Students will have the opportunity to visit different types of public and private health care facilities, universities and clinics, learning from nurse experts in Great Britain.
