### Statement by The Big 12 Conference Board of Directors

As a conference representing thousands of students, faculty, and staff from all walks of life, we are committed to fostering a culture of inclusivity and respect in our campus communities. Acts of racism and violence, no matter their origin or target, contradict this core commitment we share within the Big 12 Conference. Recent incidents of racial violence underscore the need for us and for all Americans to join together in addressing matters of racism and injustice in a united, meaningful way.
