

GLOBAL SURGERY HACKATHON

The Global Surgery Hackathon is an event designed for students interested in global health and global surgery.

The event will feature keynote speakers with expertise in global surgery. After the keynote speakers, students will be separated into groups to tackle a mock global health problem and present their solution to a panel of judges.

Schedule:

- » Keynote Speakers
- » Lunch*
- » Team Breakouts
- » Mentoring
- » Networking with Global Surgery Experts
- » Final Presentation
- » Awards

*Lunch, snacks and coffee provided.

April 13, 2019, 10:30 a.m. - 2:30 p.m.
Baylor Sciences Building
Baylor University, Waco, Texas
