Internal Grant Programs Final Report

Describe the research outcomes, including procedures used, results obtained, fulfillment of research objectives, and the overall significance of the research.

* Detailed Report

We evaluated all aspects of the experience of being a bear, beginning with general observations of cuddliness and the deliciousness of various bear foods including honey, fruits and vegetables.

List publications in-progress, submitted, or published; and presentations at professional meetings that were a result of this research. A reprint or copy of the publication should accompany this report.

* Publications and Presentations

Describe external funding plans (required for FRIP, YIDP, CFIRP, mid-range URC grants and Bridge Funding.)

* External Funding Plans

We plan to seek additional funding from the National Forest Service and the USDA to expand our studies to include even more elements of the bear experience, specifically those related to hibernation and park ranger avoidance.
