STANDARD DESKTOP COMPUTERS:

• Dell OptiPlex 7060

The Dell Optiplex 7060 is available in two chassis sizes: the Mini Tower (MT) and the Small Form Factor (SFF). The combination of power and small size makes the 7060 SFF a popular desktop option for many departments. The SFF is the smaller chassis size and can be placed directly on the desk, underneath, or beside the desk. The Mini Tower is the larger of the 2 chassis and is a good choice if you need to install more internal components (i.e. scientific instrumentation controllers, extra internal drives, higher end video cards, etc.) or just prefer a larger chassis size. Please note neither model comes standard with a built in internal optical drive however one can be added during configuration.

• Mac Mini

The Mac Mini comes with the eighth-generation Intel quad-core and 6-core processors and Intel UHD Graphics 630. Peripherals such as displays, speakers, keyboard, and mice will be purchased separately.

STANDARD LAPTOP COMPUTERS:

• Dell Latitude 7400

The Latitude 7400 has a 14” display and comes with the latest 8th Generation Intel® up to i7 4-Core™ vPro™
Processors.

• Dell Latitude 5290 2-in-1

The Dell Latitude 5290 2-in-1 is a lightweight computer that offers the power of a laptop and the flexibility of a tablet. The 5290 has a 12.3” display and is available with a full line of docking station accessories similar to the Dell Ultrabook models.

• Apple MacBook Air

The Apple MacBook Air has a 13.3” high resolution display and comes with the eighth-generation Intel Core i5 processor.

STANDARD ENTERPRISE PRINTERS:

• (B/W) HP LaserJet M608dn

The HP LaserJet M608dn is the campus standard (Tier 1) black and white printer that is designed for departmental printing (preferred way of printing on campus). The M608dn is fast, with high paper input capacity, and is capable of handling confidential print jobs through the use of personal identification numbers (PIN) assignments.

• (Color) HP Color LaserJet M653dn

The HP Color LaserJet M653dn is the campus standard (Tier 1) color printer that is designed for departmental printing (preferred way of printing on campus). The M653dn is fast, with high paper input capacity, and is capable of handling confidential print jobs through the use of personal identification numbers (PIN) assignments.

If the listed printer standards do not meet your needs, please review the Alternative (Tier 2) Printer Options.
