Check Policy

With proper identification, a registered student may cash a check on campus at the University Cashier's Office on the first floor of Clifton Robinson Tower. A student must have a valid Baylor ID. There is a $300 limit on personal or two-party checks. A two-party check is the responsibility of the student cashing the check should it be returned. Third-party checks are not accepted. There is no limit for a Baylor payroll check.

It is important that students keep accurate records of their checking account activity. Returned checks are considered a violation of University policy and may result in termination of check-cashing privileges on campus.
