TOBACCO POLICY

Effective August 14, 2014, smoking and the use of all tobacco products are banned on all property that is owned, operated, leased, occupied or controlled by the University. This new policy is being instituted out of a desire to protect the health and lives of everyone in the Baylor community.

Until this comprehensive policy takes effect, no tobacco products OF ANY TYPE may be used in Moody or Jones Libraries. This includes smokeless tobacco.

Individuals found violating the tobacco policy will be asked to either dispose of their tobacco (including spit receptables) or leave the library. They may also be asked to provide identification.

Additional sanctions may be imposed on uncooperative or repeat offenders.

Your cooperation is greatly appreciated.
