CENTRAL LIBRARIES BUILDING USE POLICY

Central Libraries Building Use Policy

The mission of Baylor Libraries is to connect people with ideas in support of teaching, learning, scholarship, and academic distinction. Our objective is to provide friendly, world-class learning environments that support individual contemplation, group collaboration, and social discourse.

While many of our spaces and rooms are open to the public, Baylor Libraries reserve the right to determine the use of space and specific restrictions that are necessary to support its mission.

General Guidelines

- Academic needs: Academic needs take precedence over other requests.
- Approval criteria: Approval for room use is based on size and capacity of available rooms, equipment available, and the purpose for which the room is requested.
