Failure to Attend

Organizations whose president (or equivalent), risk management officer (or equivalent), and advisor(s) fail to attend the mandatory risk management program, and are not exempted from doing so, will be:

- Prohibited from participating in and hosting all events (social events, priority events, student productions, intramurals, etc), with the exception of general business meetings, for the semesters in which attendance is neglected; and
- Placed on organizational probation. Failure to attend the mandatory risk management program for two consecutive semesters will result in the organization being declared inactive and losing recognition by the University and Department of Student Activities; and
- Posted on the Student Activities website on a list of non-compliant student organizations.
