Chalking at the BSB

The intent of this policy is to maintain the attractiveness of the Baylor Sciences Building and to limit chalking to those areas that will readily be cleansed by rain.

- The use of colored chalk in any area surrounding the Baylor Sciences Building is prohibited.
- Chalking activities must be approved by Student Activities and must conform to their policy.
- No chalking on any walls or vertical surfaces including the bridge crossing Waco Creek.
- No chalking in the opening underneath the clock towers.
- No chalking on the steps or walls surrounding the fountains and plaza.
- No chalking beneath any overhang, no matter how high. This includes those patio areas under the roof supported by the columns.
- Violators will be reported and fined.
