Order No.	3865315
Agency Name	Doctor on Demand
Job Title	Licensed Clinical Social Worker
Job Description (including hours and responsibilities)	<p>Doctor On Demand's mission is to improve the world's health through compassionate care and innovation. We believe that health is personal and means so much more than treating illness. We are proud of the care we have provided over the years and the relationships we've developed with our patients, as evidenced by the 5-star reviews we continually receive. People use our service to gain access to some of the best physicians and licensed therapists in the country, all whenever and wherever is most convenient. It is as simple as opening the Doctor On Demand app on a smartphone or computer. Through live video visits, our hand-picked, US-trained clinicians take patient history, perform an exam, and recommend a treatment plan. Prescriptions, if needed, go directly to the pharmacy of choice. While insurance is not required, tens of millions of Americans enjoy covered medical and mental health visits through employer and health plan partnerships. To learn more about the hundreds of medical issues we treat, visit us at <a href="https://www.DoctorOnDemand.com">DoctorOnDemand.com</a>. About the Job Licensed Clinical Social Workers will be expected to utilize video-based visits to assess, diagnose and treat a wide variety of mental, emotional, and behavioral disorders. Use of evidence-based talk therapies will assist individuals with problems ranging from short-term interpersonal issues to severe, chronic conditions. Ongoing assessments, along with the development of behavioral health treatment plans is expected, with the goal of restoring a patient's optimal mental health.</p> <p>Duties/Responsibilities: Assess patients via a video-based encounter. Perform virtual comprehensive mental health evaluations, compile patient medical data, including health history and mental status examination findings. Develop and implement behavioral health</p>

	<p>treatment plans, evaluate results of mental health assessments, and provide evidence-based therapeutic support to patients. Collect, record, and maintain sensitive patient information such as examination results, medical history and reports. Passion for our mission of improving the world's health through compassionate care and innovation. What We Offer: Guaranteed weekly salary for employed clinicians Opportunity to work remotely from your home or office Assistance and reimbursement for additional state licenses Flexible scheduling with self-schedule model Full malpractice and tail coverage User friendly, web based EMR platform Start a conversation with us and learn how you can positively impact the lives of patients and play a role in improving access to high quality mental healthcare!</p>
