Debrief of the Staff Council Meeting
Tuesday, 04 September 2018

Chair Lamar Bryant presided over the meeting. Rebecca Nall acted as Secretary.

Guest Speakers:
Van Davis-Smith gave an overview of the Fit Well program. There is a $40 incentive credit pending a pre/post assessment, a returned daily log proving that you stay active 3 days a week. This semester there is a departmental/organizational Oso Fit challenge - if 25% of the department signs up it will be declared an Oso Fit Department and will receive a plaque. If 100% of the department signs up then you will get $10 off to use the next year and the department name will be listed on the SLC website, the main bulletin board, and in the SLC.

Jimmy Dorrell from Mission Waco discussed the mission of Mission Waco and ways to get involved and improve our community.

There were no committee reports.

New Business – The officers of Staff Council would like to promote better engagement between its members as well as find more opportunities to celebrate one another. We plan to recognize birthdays each month as one method of accomplishing this goal. There were cupcakes for those whose birthdays were over the summer or in August and September.

All staff are encouraged to visit the Staff Council website at www.baylor.edu/staff_council for all the latest news and events related to Baylor Staff.
