### Notes about major requirements:

– **Important Note:** A student who earns a D or F in a PSY or NSC course may repeat the course. However, a student earning a second D or F in the same, or in a subsequent PSY or NSC course, will not be eligible to continue in the Psychology or Neuroscience major. The student may, however, be eligible to continue studies in another major in the University. Students who believe they have individual circumstances warranting an exception to these grade minimums and failure policies may appeal to the department chair.

– **Pre-Major:** All students are admitted as a Pre-PSY major. Students may apply to be admitted into the PSY major when they have achieved certain requirements. Please see your catalog for those requirements.

– Students may take no more than one of 3310 or 3425.

– Choose 3 courses from Group A: PSY 3314, 3318, 3350, 4395, 3310 or 3425, and no more than two of 3308, 3330, and 4327.

– Choose one course and its lab from Group B: PSY/NSC 3311-3111, 3319-3119, 3320-3120, 3323-3123, 4330-4130.

– Choose one course from Group C: PSY 3355, 3360, 3380, 3399, 3406, 4300, 4302, 4329, 4339, 4355; PSY/NSC 4312, 4317, 4324, 4380, 4385, 4V96.

– Three semester hours of additional Psychology electives which may be selected from additional courses listed in Groups A, B, and C. PSY 3V90, 3321, and 3341 are not applicable to the major.

– English requirement: Students majoring in the sciences may take ENG 3300 instead of ENG 1304.

– A grade of "C" or better is required in all psychology and/or neuroscience courses used for the major and is required for the additional mathematics course.

– For more information, see the Baylor Undergraduate Catalog.

\*Because of the number of electives, there is enough room for a minor with this major.

**Please see reverse side for important information on general requirements.**
