Notes about major requirements:

- Majors are encouraged to take GEO 1405.
- The above sequence assumes student can begin Calculus (MTH 1321) in fall of freshman year. If you are not eligible, take Pre-calculus first (MTH 1320).
- GEO 3000-4000 level electives: Note that GEO 3325, 4313, 4314 and 4487 will not apply toward the major.
- All senior-level candidates must complete the Geology exit exam.
- Geology students planning to specialize in paleontology should elect courses in biology; those planning to specialize in mineralogy and/or petrology should take more chemistry.
- English requirement: Students majoring in the sciences may take ENG 3300 instead of ENG 1304.
- A grade of "C" or better is required for all courses used for the major.
- For more information, see the undergraduate catalog.

Please see reverse side for important information on general requirements.
