### Notes about major requirements:

- Recommended fields for electives for major students: computer science, economics, history, philosophy, psychology, sociology and statistics.
- Pre-law preparation: law schools generally encourage pre-law students to achieve a broad cultural background, and many students enter law school with an undergraduate major in political science.
- PSC subfields: Students need one introductory course from each of four subfields: PSC 1305 (American National Government --- this course will also count as a Social Science); PSC 2343 (Introduction to Western Political Philosophy); PSC 3304 (Comparative Politics); and PSC 3315 (International Relations).
- PSC Electives: Students must take an additional 18 hours of political science courses, 12 hours of which must be at the 3000 or 4000 level.
- English requirement: Students are allowed to take either ENG 1304 or FAS 1118, 1128, and 1138.
- For more information, see the undergraduate catalog.

*Because of the number of electives, there is enough room for a minor with this major. This major will require electives and/or a minor/double major to meet graduation hours and required upper-level hours.

Please see reverse side for important information on general requirements.
